About the Course

The course is aimed at practising Surgeons and Registrars. Both ophthalmologists and ENT surgeons are welcome.

The morning will be devoted to lectures and dissection on DCR. The afternoon session will be dedicated to extended orbital and optic nerve procedures.

The course is CME accredited.

Areas to be Covered

1. Anatomy and anatomical variations relevant to DCR and Orbital surgery
2. Instrumentation required for DCR/ Orbital surgery
3. Preparation and pre-op planning
4. Endoscopic DCR
5. Endoscopic Orbital decompression
6. Endoscopic Optic nerve decompression
7. Prevention and management of Endoscopic complications
8. Post-operative care and management

Course Schedule

0800	Registration
0815	Welcome and Introduction
0820	Anatomy
0840	Instrumentation
0900	Preparation/Pre-op
0920	DCR
0940	Shifting from External to Endoscopic
1000	MORNING TEA
1030	Dissection Demonstration <i>Endonasal Anatomy and DCR/Cantholysis/Canthotomy</i>
1045	Cadaver Dissection <i>DCR</i>
1200	LUNCH
1300	Orbital Decompression
1320	Optic Nerve Decompression
1340	Minimally Invasive Non-Endoscopic Approaches to the Orbit
1400	Complications of Surgery/ Post-operative Management
1430	Dissection Demonstration <i>Ethmoid and Sphenoid Surgery Followed by Orbital and Optic Nerve Decompression</i>
1500	AFTERNOON TEA
1530	Cadaver Dissection <i>Orbital and Optic Nerve Decompression</i>
1745	LAB CLOSES
1830	DINNER <i>Churrasco</i> 60 - 70 William Street Darlinghurst

Faculty

Ray Sacks is Associate Professor of Rhinology at Sydney and Macquarie Universities and has extensive experience in endoscopic DCR.

Richard Gallagher is an endoscopic and head & neck surgeon involved in all levels of endoscopic training in Australia.

Geoff Wilcsek and Brett O'Donnell are oculoplastic surgeons with extensive experience in orbital pathology and endoscopic techniques.

Richard Harvey is a fellowship trained rhinologist with a specialist nose & sinus practice. He also serves on the editorial board for *Rhinology* journal.

All members of the Faculty have wide experience in the management of sinus disease and endoscopic surgical techniques. They are actively involved in teaching and research.
